Re: Northwest Community Action Programs of Wyoming, Inc.

To Whom it May Concern:

My office has been legal counsel for Northwest Community Action Programs of Wyoming, Inc., and we have represented them for over 35 years. I have reviewed the Bylaws and the Personnel Policies and find them adequate for the purposes stated.

NOWCAP was organized as a non-profit corporation under the then existing Title 17 of the Wyoming Statutes on November 2, 1965. It was, and as of the date of this letter is, authorized to perform all lawful business functions. Of course, one function would be to obtain federal funding and grants, to expend sums, and to account for the same.

If there is anything further you need, please let me know.

Very truly yours,

Edward G. Luhm
