

Create Inclusive Experiences Online with Accessibility Software

Recite Me website accessibility software provides every online user with the tools they need to create a unique experience.

Who needs support online?

Over 1 billion people worldwide encounter barriers when trying to read and understand content online. This can be due to disabilities, learning difficulties, visual impairments or if people speak English as a second language.

Without additional accessibility and language options, people are unable to perform everyday tasks from paying bills and researching services and support, to applying for their next career move.

Did you Know?

17%

of US residents are Neurodiverse

20%

of the US population have a learning difficulty

32 M

32 Million people in the US have a visual impairment

21%

of US residents don't speak English as their first language

Why should you provide an accessible website?

The Right Thing To Do

Everyone should have the opportunity to be able to access online content.

The Smart Thing To Do

Open up your business to a wider audience and enhance a user's journey and experience of your website.

Something I Must Do

Avoid negative customer sentiment and possible lawsuits by providing an inclusive experience online.

Create an inclusive experience on your website by providing a range of tools to suit everyone's individual needs.

Recite Me's easy to use, award-winning software includes text to speech functionality, fully customizable styling features, reading aids and a translation tool with over 100 languages, including 35 text to speech voices.

"Our mission is to improve the lives of the 1 in 5 children and adults nationwide with learning and attention issues by empowering parents and young adults, transforming schools, and advocating for equal rights and opportunities. It is essential to provide accessible ways to engage with NCLD's content to serve and accommodate our growing community of diverse learners."

Grace Aiyedogbon,
Communications & Advocacy Specialist,
National Center for Learning Disabilities
